Colegio Sagrados Corazones
C/Martín de los Heros, 91

This year we have set ourselves the goal of raising funds to help the children of the Fundación Aprender for their early care project, as well as improving the facilities of their school, so that children have an experimental room and a conditioned playground where they can learn Playing.

XI Tournament. Beneficiary Foundation

Fundación
Aprender

Fundación Aprender is a private, non-profit institution, founded by a group of parents and teaching professionals to provide quality educational coverage to children affected by learning disorders (SPLs), such as dyslexia, dyscalculia, attention deficit, and others.

Dyslexia is a Specific Learning Difficulty (SLD) of neurobiological origin. It affects the linguistic capacities of people, both written and oral, making it difficult to recognize written words, reading decoding and spelling, and sometimes even psychomotor coordination, among others.

It is estimated that 10% of the Spanish population has dyslexia, that is, 4.6 million people and 800,000 children. Despite the high figures only 33% of Spanish schoolchildren receive specialized professional attention, this disorder causing 65% of cases of school failure.
